

Hello everyone

What an exciting end to the term! Our sports days were lovely and we were very grateful to Mr Rossetti for all his organisation. Mr Rossetti said how impressed he had been with the teamwork he had seen, in particular children congratulating others when they won.

This morning we welcomed special visitors from Keir Construction in assembly. They helped us to award our 'Learning Champion' medals AND brought a Big box of books for the Hub. We are really grateful for their support. Also in assembly Bushra and Sumaya received a special Award for their progress at Boxing Club. Well done everyone!

After the holiday we know many families will be celebrating Eid. School policy is that families who are celebrating may take one day off for religious observance. Then, on the Friday of our first week back, there will be Eid activities in classes AND a party after school. Please support our PTA by bringing food to share on this day.

This morning Year 3 performed their fantastic rollicking show 'Pirates vs Mermaids' to the school. As I write this they are getting ready to perform again - this time to parents!

Have a lovely break,
Sue Ramsay,
Head teacher.

Keir brought us some lovely new books for the Hub!

Keir Construction staff and Learning Champions!

Enjoy

May Half-Term

See you back at school on Monday 3rd June!

Term 5 Learning Champions!

Reception: Zedeciah and Ismael

Year 1: Ayan and Ibraheem

Family Swim Sessions

On Monday 3 April we will be having an 'Inner Peace' day. Some visitors will run workshops with each class and there will be some craft activities.

At the end of the school day is a special whole school assembly with a sitar player, a violinist and a flamenco dancer!

Parents are very welcome to come and watch the assembly which will start at 2:15pm.

What have we been learning?

Reception.... We designed and built our own bug hotels this week. We wrote facts about minibeasts and clues to play 'Guess the minibeast' in phonics. We had a great time at Sports day too. As mathematicians we solved problems sharing fruit equally between the caterpillars. **At home, practise sharing out toys or objects fairly between people in your family. Make sure everyone has an equal amount!**

Year 1... We had a great time visiting Windmill Hill City Farm. We enjoyed picking fresh fruit and vegetables and having a tour of the farm. We enjoyed looking at all the different animals. We loved taking part in a cooking workshop where we used the ingredients we had picked to make some delicious snacks. In Maths we have been finding odd and even numbers. In English we have been writing recounts about our recent trip. **At home, ask your child about the farm trip. What animals did they see?**

Year 2... This week we had sports day and we all enjoyed doing the activities, joining in the races and cheering for our house! The following day in English we wrote a brilliant recount about what had happened. **At home, please read as much as possible with your child over the holidays. Encourage children to practise their times tables as well!**

Year 4... We are kicking off our next enquiry all about water by floating on it!! We've been on a boat this week which has been made entirely from plastic taken from the river Thames. We will be learning more about this next term. **At home, practise your times tables (up to 12 x) in preparation for our times table test!**

Ahoy Year 4!

Year 3... This week has been a very active week for the Year 3s! They've competed in two sports days and practised their performance again and again to try and get it just right for today! Their teachers know how tired they are but are very proud of all their hard work. **Help at home by reading with your child and encouraging them to practise their times tables.**

Year 5... In English, we wrote an information text about the St Paul's Carnival. In maths, we finished learning about different units of measure and in Enquiry, we continued to enjoy some carnival dance lessons! Year 5 also enjoyed a trip to Felix Road Adventure Park which they all loved! **At home, please practise your joined up handwriting!**

Year 6... This week we recounted our trip to bowling in our writing, using emotions and description. As mathematicians, we used key skills in investigations. There has also been lots of sports day fun-in-the-sun this week! **Have a fantastic week off, you hard-working Year 6s! At home, please ask your child to write a story on any topic they like over the holidays. Next term year 6 will have swimming on Thursdays - please make sure they have their swimming kit ready.**
