

Hello everyone

What a busy and creative end of term it has been! We've had a Greek Day in Year 6, a marvellous Toy Museum in Year 1, raffle prizes in assembly, Easter fun on the field, nest building in Year 2 and much more. There are some photos in this newsletter, but take a look at [Twitter](#) to find out more.

Thank you to those parents who came to Zoom meetings this week to discuss the new Relationships Education curriculum. I hope the meetings helped to clarify what these lessons will entail. Videos made by teachers are still [on the website](#) so if you haven't had a chance to look at them yet, please do so.

Please have a good rest over the holidays, get some sunshine if you can, keep talking with your child about everything you get up to - and keep on reading too.

Teachers will be taking a well deserved break as well; we have all worked so hard this term!

Best wishes,

Sue Ramsay, Headteacher

## Dates for next term...

**Term 5 starts on Tuesday 20 April**

Eid parties will be on Friday 14 May

Learning Review meetings will be on Wednesday 19 and Thursday 20 May.

Meet your child's teacher in person, or have a phone meeting.

Election day (school closed): Thursday 6 May

Sports days - we hope to book this in for term 6 when restrictions have lifted.

We will update you as soon as we can.

# LEARNING CHAMPIONS!

**Lavender:** Mohamed Ali **Reception:** Hadiya

**Year 1:** Sophia and Zayaan

**Year 2:** Amaya and Zedeciah

**Year 3:** Amahra and Eba

**Year 4:** Safia and Jasmine

**Year 5:** Mahamed H and Aiyana

**Year 6:** Muaad and Sara

This we finished learning about doubles and counting in 2s. In English we made our own sentences about a 'busy' picture. During sensory play we enjoyed being in the sun, developing our vocabulary and communication skills. We also practised how to share with our friends. Please make sure you read your assigned books on Epic books and practise your handwriting.

# Lavender

## Reception

This week we noticed lots of signs of spring. Can you use your super noticing skills on your walks? Look for flowers, minibeasts and animals! Can you take a photo or draw what you see and share it on Tapestry? In maths we explored patterns and shapes. **Enjoy a lovely rest together! Play games, share and talk about stories, have fun and adventures! Keep reading your books. Email [HMYR@bristol-schools.uk](mailto:HMYR@bristol-schools.uk) if you need log in details or any support.**

## Year 1

We've been very busy planning our toy museum. We made fantastic toys at home, wrote labels all about our toys and made posters inviting people to come and look at our showcase. **Please read at home over the holidays and complete your homework. We hope you have fun exploring the great outdoors. Please record your findings as we will talk about this when we return to school.**

## Year 2

This week we finished our story Zeraffa Giraffa and retold the story using all our new and exciting language! As artists we used natural resources and practised different skills such as weaving. We enjoyed our class treat for all our hard work over the term. **Please read every day with your child at home and ask them questions about the story. Practise counting in 2s, 5s and 10s.**

## Year 3

This week we retold the story of Olive and the Seawigs. As scientists we explored magnets and conducted our own experiment. **Please help your children learn the 4 and 8 times tables. Please continue to encourage your child to read every day in a fluent voice.**

## Year 4

This week we wrote brilliant speeches about plastic pollution. As mathematicians we continued learning about fractions and as artists we painted some great pictures inspired by a piece of art called 'The Great Wave'. **Please practise times tables as much as you can over the Easter holidays! Keep reading too!**

## Year 5

This week we wrote exciting resolutions and endings to our story 'The Explorer'. As mathematicians we learnt about decimals to 3 decimal places as well as rounding and comparing. We enjoyed a class trip to the park as a well done for all the hard work this term and finished the week with an egg hunt! **Please make sure your child is practising their spellings in their homework books.**

As mathematicians we solved ratio and proportion problems and completed some final assessments. As authors, we wrote letters to Boris Johnson persuading him of the benefits of either online or in-school learning. We also participated in our Greek day, dressing up as Greek Gods and taking part in Olympic sports. **Please make sure children get plenty of exercise and rest - and get out and about over the holidays as lockdown eases!**

AVAILABLE

# COVID-19 VACCINATION

If you need information regarding the vaccination, how you get, how you book vaccination appointment, let us know we can help you

Protect yourself and your family from the deadly coronavirus. Let's fight COVID-19 together.

## GET VACCINATED
